Apostille/Authentication Requirements

Since July 14, 2007, the Republic of Korea has been a party of the 1961 Hague Convention abolishing the Requirement of Legalization for Foreign Public Documents. The Convention provides for the simplified certification or public (including notarized) documents to be used in countries that have joined the convention.

The Apostille ensures that public documents issued in one signatory country will be recognized as valid in another signatory country.

- Apostille certificate(s) are to be submitted within 15 days after enrollment at KU GSIS.
- For information regarding how to get an Apostille, please refer to the website [http://www.hcch.net](http://www.hcch.net) (Apostille Section).

A. Newly admitted students graduated from countries which are signatories to the convention must meet one of the following requirements:

※ Please refer to the list of signatory countries on Apostille certificates in Appendix 2.

1. Official certificate(s) (transcript(s), graduation certificate(s)/diploma(s), etc.) from public schools or institutions should be submitted with the attachment of original “Apostille”.

2. Official certificate(s) (transcript(s), graduation certificate(s)/diploma(s) etc.) from private schools or institutions, however, should be **officially notarized** by a notary, agency or any other authority competent under the law of the country of origin of the certificates, and then, should be submitted with the attachment of original “Apostille”.

N.B. All documents must be in English. Otherwise, you must get a notarized/certified translation in English first completed by a public notary in the country in which the documents were originally produced, and documents notarized in English attached with the original copies of documents finally can get apostilled and submitted.

B. Admitted students graduated from countries which are NOT signatories to the convention and do not recognize the Apostille must meet one of the following requirements:

1. Official certificate(s) (transcript(s), graduation certificate(s)/diploma(s), etc.) must be **legalized by a Korean consular officer** in the country which issued the certificates.

2. Applicants from these countries should submit the official certificate(s) with the attachment of an Authentication (ex. Certificate of Authentication or Certificate of Overseas Educational Institutions) issued by the Korean Embassy or Consulate.

N.B. All documents must be in English. Otherwise, you must get a notarized/certified translation in English first completed by a public notary in the country in which the document was originally produced, and documents notarized in English attached with the original copies of documents finally can get authenticated and submitted.

C. Admitted students graduated from the universities/institutions in China Certificate(s) of Degree(s)/Graduation must be issued by the China Credentials Verification [https://www.chsi.com.cn](https://www.chsi.com.cn/).
FAQ for Apostille

A. In which countries does the Apostille Convention apply?

The Apostille Convention only applies if both the country where the public document was issued and the country where the public document is to be used are parties to the Convention. A comprehensive and updated list of the countries where the Apostille Convention applies, or will soon apply, is available in the Apostille Section of the Hague Conference website – [https://www.hcch.net/en/instruments/conventions/status-table/?cid=41](https://www.hcch.net/en/instruments/conventions/status-table/?cid=41) – of the Apostille Convention.

If your public document was issued in a country where the Apostille Convention does **not** apply, you should submit a [Certificate of Authentication](http://www.hcch.net/) issued by the Korean Embassy or Consulate in your country.

B. Where can I get an Apostille?

Each country that is party to the Convention must designate one or several authorities that are entitled to issue Apostilles. These authorities are called Competent Authorities – only them are permitted to issue Apostilles. The list of all Competent Authorities designated by each country that has joined the Apostille Convention is available in the Apostille Section of the Hague Conference website.

C. How much does an Apostille cost?

The Apostille Convention is silent on the cost of Apostilles. As a result, the practice among Competent Authorities varies greatly. Many Competent Authorities do charge for Apostilles; when they do, the prices vary greatly. For practical information on the prices that individual countries charge, see the information available in the Apostille Section of the Hague Conference website.

For further details, please see the website of the Hague Conference at [http://www.hcch.net/](http://www.hcch.net/) and the ABCs of Apostilles ([https://assets.hcch.net/docs/6dd54368-bebd-4b10-a078-0a92e5bca40a.pdf](https://assets.hcch.net/docs/6dd54368-bebd-4b10-a078-0a92e5bca40a.pdf)). The Hague Conference is the organization that developed the Apostille Convention. All relevant and updated information about the Apostille Convention is available in the Apostille Section of the Hague Conference website.
