Applicants who intend to transfer to the College of Education or the College of Nursing are advised to check the department transfer student quotas before submitting an application, as they are subject to change.

- 1) The Department of Architecture is a 5-year program.
- 2) Applicants may transfer from the College of Medicine but may not transfer to the College of Medicine.
- 3) Applicants may transfer from the College of Education, which then only accepts transfers both from within the College of Education and to replenish the student quota. Applicants not already enrolled in the College of Education may not transfer to a department in the College of Education.
 - The student quota for each Department in the College of Education is separately determined for each year's student cohort, so applicants are advised to contact the Administration Office of the College of Education to check their eligibility for department transfer.

- 4) Student athletes of the Department of Physical Education may not transfer to another Department.
- 5) Applicants may transfer from the College of Nursing, which then accepts transfers thereto only to replenish the student quota.
- 6) The Departments marked with an asterisk (*) run Teacher's Certificate Programs. In the case of students already enrolled in a Teacher's Certificate Program transferring to another Department, they will automatically be withdrawn from the Program (for both their first and double major) and they will not be able to apply for a Teacher's Certificate Program in the Department they transfer to.

3. Applying for Intra-Campus Department Transfer

A. When to Apply: 10:00, November 1 (Mon) - 17:00, November 5 (Fri), 2021

B. How to Apply:

- 1) Sign in to KUPID and Navigate to Registration/Graduation > University Registration > Department Transfer
- 2) Select the Department you are applying to transfer to from the list of Transferable Departments
- 3) Complete the form for Reason for Department Transfer and Statement of Purpose (maximum 3,000 byte each)
- 4) Click on Save Draft at the bottom of the form
- 5) Review your application and click on Submit
 - You must click on Save Draft and Submit to complete the application
- 6) Check the application status is displayed as Application Submitted at the top of the Department Transfer page.

7) You do not need to submit your academic transcript as it will be provided by the Administration Office of your department/college

C. Important Notes

- 1) It is the applicant's responsibility to check the eligibility for department transfer before submitting an application
- 2) Once the department transfer application is submitted, the applicant may not cancel or change the department being transferred to. The application should be thoroughly reviewed before final submission.
- 3) Submissions received after the deadline (17:00, November 5 (Fri), 2021) will not be accepted.
- 4) Ensure that the application is submitted one to two hours prior to the deadline as unexpected technical issues may occur. Technical errors will not be accepted as a legitimate reason for late submission.

D. Application Fee: None

4. Notes for Applicants

- A. The details of the evaluation of your application for department transfer will not be shared with you.
- B. If you are not eligible for department transfer, the transfer will automatically be denied.
- C. You may transfer only once and thus may not transfer back to your original department.
- D. If students already enrolled in a Teacher's Certificate Program transfer to another Department, they will be automatically withdrawn from the Program (for both their first and double major) and they will not be able to apply for a Teacher's Certificate Program in the Department they have transferred to.
- E. After department transferring, you must satisfy your new Department's curriculum and requirements for graduation.
- F. You are not eligible for department transfer if you:
 - are enrolled in a Contracted Department
 - are a university transfer student, a re-admission student, a dual degree student
 - are a student of the School of Interdisciplinary Studies who started at the School of Interdisciplinary Studies and have chosen your major
 - are a student who started in a Division and have chosen your major therein (you may not transfer to another Department within the same Division)
 - have already campus transferred from another Campus
 - are enrolled in the Korea Global Scholarship Program (KGSP)
 - are a student athlete of the Department of Physical Education
- G. Notes for applicants transferring to the Department of Architecture
 - The Department of Architecture, being a 5-year program, strictly requires its students to take the courses *Design Studio I* through *IIX in order*, so you might need at least 4 to 5 years from the time of transfer to graduate. (Applicants for transfer are advised to take the first year major-required courses *Introduction to Architecture*, *Basic Design Studio I* and *Basic Design Studio II* in advance.)
- H. Notes for applicants transferring to the College of Education
 - Transfers to a Department in the College of Education are accepted only for students already enrolled in the College of Education and only for Departments whose student enrollment has not reached their quota. The student quota for each Department in the College of Education is separately determined for each year's student cohort, so applicants are advised to contact the Administration Office of College of Education to check their eligibility for department transfer.
- I. Notes for applicants transferring to the Department of Nursing
 - The College of Nursing, basing its curriculum on Nursing Education Accreditation, strictly requires its students to complete all theoretical and practical courses to be prepared for the National Examination for Nursing Licensure, so those transferring might need at least three years to graduate.
- J. Check the regulations of each College/Division/Department on transfers
 - KUPID > Knowledge > 규정지식 > 학칙/규정 > Search for "Transfer "

5. Notes for Students Accepted for Transfer

- A. If accepted for department transfer, your Department will officially change on March 1, 2022.
- B. Once accepted for department transfer, you may not transfer back to your original Department.
- C. Credit(s) for the major courses of the Department you are transferring to will be acknowledged even if earned prior to the transfer.
- D. Once department transferred, you must meet the requirements of your new Department for graduation.
- E. For applicants who do not have a second major or had their new Department as their double major, their original Department will be their double major upon transfer.
 - Exceptionally, however, in accordance with Article 105 of the Academic Regulations:
 - Students transferring from the College of Medicine and the College of Nursing to another college cannot have Medicine or Nursing as their double major upon transfer, as it is not possible to have a double major in these disciplines.
 - Students transferring from the College of Education to another college will not come to have their first major as their double major upon transfer, as only students of the College of Education may have a double major in a Department thereunder.
- F. In the case of students enrolled in a Teachers' Certificate Program transferring to another Department,

they will be automatically withdrawn from the Program (for both their first and double major) and will not be able to apply for a Teacher's Certificate Program in their new Department.

G. Your student ID number will remain unchanged.

H. You may take a leave of absence for the Spring 2022 semester.

I. The maximum length of studentship and semester leaves of absence will not be extended upon transfer, and the number of semesters already taken will be calculated to include those before and after your transfer.

6. Eligibility for Department Transfer

You are only eligible for department transfer (even if currently taking the semester off) if enrolled on the Seoul Campus and satisfy both requirements A and B outlined below:

A. Common Requirements

- 1) You must be in your sophomore or junior year;
- 2) You have taken 3 to 6 semesters (excluding summer/winter sessions);
