

COVID-19 Vaccination for International Students in Korea

Vaccination for Persons Aged 18 to 49

- **Eligible recipients: Koreans and foreign nationals aged 18 to 49***(i.e. those who were born between Jan. 1, 1972 and Dec. 31, 2003)
 - * Those previously prioritized for vaccination (e.g. essential and high-risk facility workers) are not applicable.
- **How to get vaccinated: Make a reservation at a vaccination center of your choice for a date of your choice**
- **Vaccine for administration: Pfizer or Moderna (i.e. mRNA COVID-19 vaccine)**
- **Vaccination center:** Designated health facilities or vaccination centers

Reservation System

① Holders of National Health Insurance

- **Making a reservation: A 10-day rotation reservation period*** during which you will make a **reservation online** or by phone (call 1339 or a local call center***)** based on the **last digit of your date of birth** (format: YYYY/MM/DD) will begin on August 9, 2021.

* Allocation of a reservation date based on the last digit in date of birth (i.e. 10-day rotation reservation applies to both reservations made via phone-call and visit)

For example, if the last digit of your date of birth (YYYY/MM/DD) is "9," you will make your reservation on August 9.

** You can visit the official website (<http://ncvr.kdaca.go.kr>) to book an appointment for vaccination, which involves a simple online self-authentication process (i.e. You are required to make your own online reservation as no one can do it for you; and only one digital device is allowed to be used per person for reservation).

*** Reservation can be made via call centers run by municipal governments. However, it is advisable to make the reservation through someone who can speak Korean as interpretation service is not available.

※ If you've subscribed to the National Health Insurance in July this year or later, then you may be categorized as a non-subscriber. In this case, please call 1339 to make a reservation at designated health facilities.

- How to make a reservation after the 10-day rotation period: Eligible persons are able to make a reservation based on age from August 19 to 20. In addition, from August 21 to September 17, all eligible persons can make or change their reservations. These reservation periods are open to those who missed their initial 10-day rotation reservation window.

② Non-holders of National Health Insurance

- **Making a reservation: A 10-day rotation reservation period*** during which you will make a **reservation online**** based on the last digit of your date of birth (format: YYYY/MM/DD) will begin on August 9, 2021. You must reserve your vaccination **at a vaccination center.**

* Allocation of a reservation date based on the last digit in date of birth (i.e. 10-day rotation reservation applies to both reservations made via phone-call and visit)

For example, if the last digit of your date of birth (YYYY/MM/DD) is "9," you will make your reservation on August 9.

** You can visit the official website (<http://ncvr.kdca.go.kr>) to book an appointment for vaccination, which involves a simple online self-authentication process (i.e. You are required to make your own online reservation as no one can do it for you; and only one digital device is allowed to be used per person for reservation)

- If you don't have access to the internet, you can make your reservation by calling a public health center or a call center run by a municipal government. In this case, you're allowed to have someone else make your reservation for you, unlike online reservation.

- If you have difficulty in making an online reservation for any reason (e.g. problems related to self-authentication and/or alien registration number, etc.), you can either visit or call a public health center to register as a vaccination recipient, and then make an on-site reservation at a vaccination center for your injection.

- If you currently do not have an alien registration number, you can visit a public health center to receive a temporary registration number, which involves the submission of your personal information (but short-term travelers staying in Korea for no longer than 90 days are exempted), to make your reservation for vaccination.

- **Schedule: Make a reservation during the set 10-day rotation period (August 9 - 18), and receive your vaccination on your selected date from August 26 to September 30.**

* You can make your reservation from 8:00 p.m. on your allocated reservation day to 6:00 p.m. on the following day.

Call 1339 or a local public health center if you experience adverse reactions. You can also find more information about adverse reactions and how to manage them on the "Post-vaccination Health Check" webpage on the National Immunization Program website (<https://nip.kdca.go.kr>).

Attachment 2 **Information on How to Make COVID-19 Vaccination Appointment Online**

◇ COVID-19 vaccination appointments can be made online through the COVID-19 vaccination reservation system website (<http://ncvr.kdca.go.kr>), accessible on PC and mobile devices. There are two steps to the process.

□ How to Make COVID-19 Vaccination Appointment Online

○ Step 1 (Enter appointment information)

① Verify your identity

- Select one of the five ways to verify your identity.
- ① Naver certificate, ② Kakao certificate, ③ PASS, ④ Joint Certificate, ⑤ Mobile phone verification.

※ Check expiration date of certificate to make sure it is valid

② Enter personal information

- After verifying your identity, enter your name, resident registration (foreigner registration) number, and mobile phone number and click the 'Check Eligibility' button.
- After checking eligibility, select the medical institution and appointment date and time, and click the "Reserve (or Make Appointment)" button

○ Step 2 (Notice of completed appointment)

① Appointment notification screen

- In Step 2, you can check your appointment details that you entered in step 1.

② Send appointment information to mobile phone

- You can send your appointment details to your mobile phone. You can check or cancel the appointment by verifying your identity with name, resident registration number/alien registration number, or appointment number in the 'Appointment Inquiry/Cancellation' menu on the website.

- ※ You can log onto the appointment system on the date that corresponds to the last digit of your date of birth according to your resident registration number or alien registration number.
- ※ If you are not registered with the National Health Insurance, you must reserve your vaccination at a vaccination center
- ※ Please arrive on time for your vaccine appointment.
- ※ If you have any questions about COVID-19 vaccination, please contact Korea Disease Control and Prevention Agency (KDCA) at ☎1339 or each local government's COVID-19 vaccination call center*

* To check the phone number of your local government's COVID-19 vaccination call center, visit NIP website ncvr.kdca.go.kr -> Click 'Make a vaccine appointment (사전예약 바로가기)' -> Click 'Notice (알림마당)' -> 'Call center information (콜센터 안내)' **【Korean only】**
