DUAL MASTERS DEGREE PROGRAM (DMDP) GUIDE FOR ACADEMIC YEAR 2023-2024

ABOUT US

American University (AU) is a private institution situated in a residential neighborhood in Washington, D.C. The University is well known for academic programs in international service, public policy and public affairs, international law and human rights. The AU student body is largely interested in global perspectives and political activism. In fact, the majority of AU students participate in study abroad, internships, and community service. AU is proud that many of our alumni serve in the Peace Corps upon graduation.

The School of International Service (SIS) is a top ten school for international relations and enrolls a diverse student body of approximately 3,000 undergraduate and graduate students from throughout the United States and more than 150 countries. Our location allows students to take advantage of the vast wealth of professional, intellectual, educational, and cultural resources available in the nation's capital. The city offers unique opportunities to study, conduct research, and actively engage in the ongoing work of international relations. SIS is a vibrant forum for debates and events, and frequently hosts government, NGO, and industry leaders to talk and meet with students.

DUAL MASTERS DEGREE PROGRAM (DMDP) GUIDE FOR ACADEMIC YEAR 2023-2024

qualification, it is strongly preferred for students to have already completed one semester of study at the partner institution at the time of application to the DMDP.

AU GRADING SYSTEM

Courses which are completed to meet degree requirements should be taken on a graded (A-F) scale. Pass/Fail classes as a general rule will not fulfill degree requirements. Professors will provide details on the graded elements of their class in the course syllabus, typically through a combination of graded papers or projects, class participation, or exams. AU operates on a 4.0 grading scale.

Grade:	Quality Points (QP):
A (Excellent)	4.00
A-	3.67
B+	3.33
B (Good)	3.00
B-	2.67

Grade:	Quality Points (QP):
C+	2.33
C (Satisfactory)	2.00
C-	1.67
D (Poor)	1.00
F (Fail)	0.00

COURSE SELECTION AND REGISTRATION

Before applying, students should review courses available during their time of study at American University. Course schedules are typically published in February/March with registration in March and April for the fall semester; and course schedules are typically published September/October with registration in October for the spring semester. Students can meet with their academic advisor to determine the best courses for degree completion, but students will be responsible for registering themselves using their AU Student Portal.

NOTE: When searching the Schedule of Classes, look for Fall 2023 Regular Term (or Spring 2024 Regular Term) and select "International Service" (NOT International Service Graduate) from the drop-down when searching for classes. Graduate classes are at the 600 level or above. Searching the Schedule of Classes will give you a sense of the types of classes available and the typical times when classes are offered. The University Catalog for the MIS-IST program gives examples of classes used to fulfill degree requirements. Students will work with their MIS-IST advisor to develop their specialized concentration of study at AU.
