UNITED YOUTH CIRCUIT: GLOBAL PARTNERSHIP FOR SUSTAINABLE DEVELOPMENT

We provide a global networking platform for young global citizens for a synergized push to achievement of the Sustainable Development Goals (SDGs). A diverse youth circuit, with a passionate desire to orchestrate peace through collaboration for the realization of the SDGs before 2030. An international diplomatic hub strengthening youth voices on global issues around the world.

Founded in 2017, in partnership with the Ambitio Peace Network (NG, CAC/IT/NO 125456), the UYC already has members and participants from over 60 countries. We are a worldwide, borderless body of global minded youth, clamoring for world peace and the achievement of the sustainable goals through collaborations and partnerships.

CORE COMPETENCIES

CONFERENCES

UYC organizes world class seminars, workshops, conferences and Model United Nations (MUNs) simulations for academic and developmental training for delegates' professional, technical and diplomatic development. Organized in some of the most intriguing cities around the world, delegates are in for an experience of a lifetime.

UYC's thematic summits and symposiums afford our members an opportunity to analyse and deliberate on contemporary world issues. Delegates advocate and proffer solutions. Our summits features talk and ideas from world leaders, global industry shapers and renowned experts.

SDG FORUMS

The UYC believes that the SDGs remains the most potent vehicle to achieving a sustainable and harmonious world. Hence, the SDGs hold pole position at the vanguard of all our affairs. Here we train passionate young leaders on effective tools to promote development impact. Our forums play a vital part of UYC campaign to demystify and promote everything SDGs, encouraging youth participation in attaining these Goals globally. United Youth Circuit continues to be a worldwide, borderless body of global-minded youth, clamoring for world peace through global partnership. Since 2017, UYC has organized at least 17 conferences in 11 countries promoting creativity, innovation and harmony towards the achievement of the Sustainable Goals through:
